RICHMOND TECHNOLOGY COUNCIL

2020 MEMBERSHIP GUIDE

SAY HELLO TO RVATECH

Founded in 1989, our membership is made up of over 200 businesses and organizations supporting greater Richmond's dynamic technology economy. **Discover** next practices to advance your knowledge and skills. **Engage** our community to grow your network and enhance your impact. **Thrive** through increased business opportunities and greater visibility.

RVATECH MEMBERSHIP MODEL

RVATECH was an early adopter of the value-based membership model versus traditional associations' employee-based. No matter your size, we believe in low barriers for engagement. A business should not be penalized for its growing success by applying a per employee rate for dues with no immediate ROI. As a member of RVATECH, you have direct and tangible benefits on day one through a tiered approach to your support. Each level of membership comes with more benefits from complimentary tickets to brand awareness.
