

TOGETHER, WE BUILD A STRONGER TECHNOLOGY COMMUNITY FOR RICHMOND.

MISSION

Ignite the growth of the technology sector, the success of technology companies, and the vibrancy of the technology community within the greater Richmond region.

VISION

A community of technology practitioners and companies thriving through a shared Council that sparks them to create imaginatively, grow confidently, and aspire greatly.

COMMITMENT

Active in our awareness about ourselves, our ecosystem, and our future

Intentional in our pursuit of diversity in programs, partners, and leaders

Collaborative in our relationships with others to maximize impact

Open to new ideas in pursuit of universal opportunity

Dedicated to making technology accessible to all communities

Purposeful in leveraging technology to empower any individual or business to thrive

PRIORITIES

CULTURE OF CREATIVITY & INNOVATION

1. Encourage differentiation in business and government, and individuality among community
2. Rally around diversity of background, expertise, perspective, and experience
3. Embrace challenges as opportunities to showcase the power of technology

CULTURE OF GROWTH & DEVELOPMENT

1. Foster mentorship among leaders, practitioners, and emerging technologists
2. Create peer-to-peer connections for learning and opportunity
3. Establish communities of practice for sectors and specialties to thrive

CULTURE OF ASPIRATION & INSPIRATION

1. Demonstrate leadership in business, policy, and education
 2. Bring people, businesses, and organizations closer together
 3. Fearlessly explore the edge of the technology ecosystem
